

571—104.3(481A) Chronic wasting disease in captive cervids—herd monitoring program. A person who keeps captive cervids in this state may enroll the herd in the cervid CWD surveillance identification (CCWDSI) program under this rule. A person shall not move a live captive cervid from a herd in this state unless the herd is enrolled in the CCWDSI program under this rule. To enroll a herd in the CCWDSI program under this rule, a person shall complete and submit a form as provided by the department. No person may enroll a herd in this program prior to October 15, 2002. All animals enrolled in this program must be identified as prescribed in 104.4(481A).
