

571—111.9(481A) General conditions for permits.

1. Applications will not be approved for private collections or for commercial use of protected species.
2. Any costs incurred by the permittee for the administration of any permit authorized by this chapter of rules will be the responsibility of the permittee.
3. Scientific collecting licenses, wildlife salvage permits, general educational project permits, with the exception of those for raptors, will generally be issued in the name of the institution or organization. The principal collector or permit holder will be listed on the permit and be responsible for administering the license or permit. All persons collecting or working under the authority of the license or permit shall carry a copy of the permit and a letter of authorization from the principal license or permit holder.
4. Educational project permits for raptors and wildlife rehabilitation permits may list an institution or organization, but also must list the person or persons with the qualifications for that particular permit. These permits do not necessarily continue with the institution or organization if the person or persons listed on the permits leave. If replacement personnel with the proper qualifications for the permit or permits are found, then the permit or permits will stay in the institution's or organization's name.
5. Specimens collected or possessed under any license or permit authorized by this chapter of rules remain the property of the state of Iowa. The department of natural resources reserves the right to determine the disposition of all specimens collected under authority of these permits.
6. Records, facilities and inventories must be made available for inspection by officers of the department of natural resources during reasonable hours.
7. Records of collections and the manner in which specimens have been acquired and their disposition must be kept current at all times. Rehabilitation permits must be updated within 24 hours of the event. All other permits must be updated within 48 hours of the event.
8. Authorization to collect or possess endangered or threatened species requires special permission and must comply with provisions established in Iowa Code chapter 481B.
9. A representative of the department of natural resources must be notified within 72 hours of taking or holding of threatened or endangered species that are found dead and within 24 hours for those that are injured or sick.
10. A licensed rehabilitator or veterinarian must determine if a raptor is permanently crippled before it can be held under an educational project permit.
11. License or permit fees will be \$5 for one year, \$10 for two years, and \$15 for three years.
12. Applicants for scientific collecting, wildlife rehabilitation, and educational projects must be 18 years old or provide written permission from a parent or guardian.
13. No animals being rehabilitated may be used for educational programs.
14. Applicants for scientific collecting licenses, wildlife rehabilitation, wildlife salvage, and educational project permits that are requesting permission to possess, hold, or collect bird species as listed in the Code of Federal Regulations, 50 CFR 10.13 (April 5, 1985), may also be required to obtain a federal permit issued by the U.S. Fish and Wildlife Service.
