

571—30.10(452A) Joint sponsorship. Two or more local public agencies may join together to carry out a water access project. However, for the purposes of the grant program, the committee will accept only one local agency as the prime project sponsor. Any written agreements between the local agencies involved in any joint venture will be made a part of any grant application. The application rating system will be applied only to the prime sponsor. The project agreement will be negotiated with the prime sponsor and reimbursements will be paid to it.
