

571—30.61(455A,461A,462A) Evaluation criteria.

30.61(1) *Water trails development program.* The scoring committee will prioritize projects based on impacts for public use, local and private resource contributions, support of statewide and local plans and guidelines, public acceptance, safety, location on a designated or planned water trail, and annual priorities established by the coordinator.

30.61(2) *Low-head dam public hazard program.* The scoring committee will prioritize projects based on public safety, stream health, fish passage, aesthetic, recreational and navigational improvements, urgency of failure, local contributions and stakeholder support, and appropriate cost and scale.
