

571—92.7(481A) Harvest information program (HIP).

92.7(1) Beginning January 1, 1998, no persons shall hunt migratory game birds (brant, wild ducks, geese, rails, coots, snipe, woodcock or any other migratory game bird) without carrying proof that they have first registered with the HIP. Hunters must supply their name, address, and information on the number of migratory game birds taken during the previous year, or other information that may be requested.

92.7(2) The natural resource commission will develop methods for collecting information from hunters at the time they purchase their hunting license or prior to going hunting, either by written or electronic means, and develop a method for validating in the field that hunters have registered.
