

571—98.13(483A) Application procedure. Applications for nonresident wild turkey spring hunting licenses must be made through the electronic licensing system for Iowa (ELSI) telephone ordering system or the ELSI Internet license sales website. Applications will be accepted from December 15 through the last Sunday in January. No one may submit more than one application during the application period. If applications have been sold in excess of the license quota for any license type, zone, or season, a drawing will be held to determine which applicants receive licenses. Licenses or refunds of license fees will be mailed to applicants after the drawing is completed. License agent writing fees, department administrative fees, Internet sales charges and telephone order charges will not be refunded. If any license quota has not been filled, the excess licenses will be sold first-come, first-served through the telephone ordering system or the Internet license sales website beginning at 6 a.m. the second Saturday after the close of the application period until the quota has been filled or the last day of the season for which the license is valid, whichever occurs first. No one may obtain more than one nonresident wild turkey spring hunting license. Hunters may apply individually or as a group of up to 15 applicants. All members of a group will be accepted or rejected as a group in the drawing. If a group is rejected, members of that group may purchase licenses individually if excess licenses are available.

Each individual applicant who is unsuccessful in the drawing will be assigned one preference point for each year in which the individual applies and is unsuccessful. If a person who was unsuccessful in the drawing purchases a leftover license within four weeks, the person will receive a refund for the cost of the preference point. Preference points will not accrue in a year in which an applicant fails to apply, but the applicant will retain any preference points previously earned. Once an applicant receives a license, all preference points will be erased. Preference points will apply to any zone or season for which a hunter applies. The first license drawing each year will be made from the pool of applicants with the most preference points. If licenses are still available after the first drawing, subsequent drawings will be made from pools of applicants with successively fewer preference points and continue until the license quota is reached or all applicants have received licenses. Applicants who apply as a group will be included in a pool of applicants with the same number of preference points as that of the member of the group with the fewest preference points assigned.
