

591—9.6(455G) Proposal review. The board will review and respond within a reasonable time frame to any proposal submitted seeking a transfer of liabilities. Any board decision to enter into an agreement to transfer liabilities shall be completed consistent with public meeting laws in effect at that time. Work required by the department of natural resources at the site may not be delayed pending review of a proposal. Claims will continue to be handled in accordance with board policy during any pending proposal.
