

655—2.14(152) Clinical facilities.

2.14(1) The clinical facilities shall provide learning experiences that meet curriculum objectives and outcomes.

2.14(2) The program shall provide information to the board about clinical facilities used for learning experiences.

a. The clinical facilities shall be accredited/approved by the appropriate agencies and shall have evidence of good standing by their regulatory body.

b. There shall be evidence that student experiences are coordinated when more than one program uses the same facility.
