

685—15.9(17A,22,263B) Personally identifiable information. This rule describes the nature and extent of personally identifiable information which is collected, maintained, and retrieved by the agency by personal identifier in record systems as defined in rule 685—15.1(17A,22,263B). For each record system, this rule describes the legal authority for the collection of that information and the means of storage of that information and indicates whether a data processing system matches, collates, or permits the comparison of personally identifiable information in one record system with personally identifiable information in another record system. The record systems maintained by OSA are personnel and employment management information systems, the records for which are collected pursuant to the authority of Iowa Code chapter 263B. Storage is in paper form, though certain employment information may be incorporated into electronic records which could then be matched, collated, or compared.
