

701—110.8(404) Urban revitalization partial exemption.

110.8(1) Area designated. An area containing only one building or structure cannot be designated as an urban revitalization area (1980 O.A.G. 786).

110.8(2) Prior approval. To obtain prior approval for a project, a property owner's proposal must be approved by a specific resolution addressing the proposal and passed by the city council or county board of supervisors. The original ordinance providing for the urban revitalization area does not constitute the granting of prior approval for any particular project. Also, prior approval for a project can only be granted by resolution of the city council or county board of supervisors; an official or representative of a city or county does not have the independent authority to grant prior approval for a project.

110.8(3) Eligibility for exemption. Improvements made as a result of a project begun more than one year prior to a city's or county's adoption of an urban revitalization ordinance are not eligible to receive the partial exemption even though some of the improvements are added during the time the area was designated as an urban revitalization area. For a project commenced within one year prior to the adoption of an urban revitalization ordinance, the partial exemption can be allowed only for those improvements constructed on or after the effective date of the ordinance. (1982 O.A.G. 358)

110.8(4) Minimum value added. Once the minimum value added required by Iowa Code section 404.3(7) has been assessed, any amount of additional value added to the property in subsequent years is eligible for the partial exemption. The value added subject to partial exemption for the first year for which an exemption is claimed and allowed shall include value added to the property for a previous year even if the value added in the previous year was not by itself sufficient to qualify for the partial exemption.

For example, assume that an urban revitalization project is begun on commercial property having an actual value of \$50,000 as of January 1, 1984. As a result of improvements made during 1984, the actual value of the property as of January 1, 1985, is determined to be \$55,000. Additional improvements made during 1985 increase the actual value of the property to \$70,000 for the 1986 assessment. In this example, no partial exemption can be allowed for 1985 since the value added for that year is less than 15 percent of the actual value of the property prior to construction of the improvements. A partial exemption can be allowed for 1986 and subsequent years for the \$20,000 value added in both 1985 and 1986, providing a valid application for the partial exemption is filed between January 1, 1986, and February 1, 1986, inclusive.

110.8(5) Application for partial exemption.

a. Prior approval. If a taxpayer has secured a prior approval resolution from the city council or the county board of supervisors, the partial exemption cannot be obtained until the year in which all value added for the project is first assessed. A partial exemption can be allowed only if an application is filed between January 1 and February 1, inclusive, of the year in which all value added for the project is first assessed. If an application is not filed during that period, no partial exemption can be allowed for that year or any subsequent year. The submission to the city council or the county board of supervisors of a proposal to receive prior approval does not by itself constitute an application for the partial exemption.

For example, assume a city council or county board of supervisors approves a prior approval resolution in April 1984 for a revitalization project to be completed in September 1986. Assuming all construction on the project is completed in 1986, no partial exemption can be allowed until 1987 since that would be the year in which all value added for the project is first assessed. To receive the partial exemption, a valid application would have to be filed between January 1, 1987, and February 1, 1987, inclusive.

b. No prior approval. If a project has not received a prior approval resolution, a taxpayer has the option of receiving the partial exemption beginning with any year in which value is added to the property or waiting until all value added to the property is first assessed in its entirety. To secure a partial exemption prior to the completion of the project, an application must be filed between January 1 and February 1, inclusive, in each year for which the exemption is claimed.

For example, assume a revitalization project is begun in June 1984 and completed in September 1985, that no prior approval resolution for the project has been approved, and that a ten-year exemption period has been selected. Assume further that as a result of construction on the project, value is added for the assessment years 1985 and 1986. If an application is filed between January 1, 1985, and February 1, 1985, inclusive, a partial exemption could be allowed for the value added for 1985 beginning with the 1985

assessment and ending with the 1994 assessment. If an application is filed between January 1, 1986, and February 1, 1986, inclusive, a partial exemption could be allowed for the value added for 1986 beginning with the 1986 assessment and ending with the 1995 assessment. The partial exemption allowable for the years 1986 through 1995 would be against the value added for 1986 as a result of improvements made during calendar year 1985.

In the example above, the taxpayer may elect not to file an application for the partial exemption in 1985. In this situation, if an application is filed between January 1, 1986, and February 1, 1986, inclusive, a partial exemption could be allowed for the total value added for 1985 and 1986 and would apply to assessments for the years 1986 through 1995.

c. Filing deadline. If February 1 falls on a Saturday or Sunday, an application for the partial exemption may be filed the following Monday. Applications submitted by mail must be postmarked on or before February 1, or on or before the following Monday if February 1 falls on a Saturday or Sunday.

d. Extended filing deadline. The exemption is allowable for the total number of years in the exemption schedule if a claim for exemption is filed within two years of the original February 1 filing deadline. The city council or county board of supervisors may by resolution provide that an application for the partial exemption can be filed by February 1 of any assessment year the area is designated as an urban revitalization area. The exemption shall be allowed for the same number of years remaining in the exemption schedule selected as would have been remaining had the claim for exemption been timely filed.

110.8(6) Value exempt. The partial exemption allowed for a year in which an application is filed shall apply to the value added and first assessed for that year and any value added to the project and assessed for a preceding year or years and for which a partial exemption had not been received.

110.8(7) Minimum assessment. The partial exemption shall apply only to the value added in excess of the actual value of the property as of the year immediately preceding the year in which value added was first assessed. If the actual value of the property is reduced for any year during the period in which the partial exemption applies, any reduction in value resulting from the partial exemption shall not reduce the assessment of the property below its actual value as of January 1 of the assessment year immediately preceding the year in which value added was first assessed. This subrule applies regardless of whether the reduction in actual value is made by the assessor, the board of review, a court order, or an equalization order of the department of revenue.

110.8(8) Value added. As used in this rule, the term “value added” means the amount of increase in the actual value of real estate directly attributable to improvements made as part of a revitalization project. The amount of “actual value added” shall be the difference between the assessed value of the property on January 1 of the year value is added to the property and the assessed value of the property the following assessment year. “Value added” does not include any increase in actual (market) value attributable to that portion of the real estate assessed prior to the year in which revitalization improvements are first assessed. The sales price of the property rather than the assessed value of the property may be used in determining the percentage increase required to qualify for exemption if the improvements were begun within one year of the date the property was purchased.

110.8(9) Repeal of ordinance. An urban revitalization project which has received proper prior approval shall be eligible to receive the partial exemption following completion of the project even if the city council or county board of supervisors subsequently repeals the urban revitalization ordinance before improvements in the project are first assessed (1980 O.A.G. 639).

This rule is intended to implement Iowa Code chapter 404 as amended by 2002 Iowa Acts, House File 2622.
