

701—601.17(15) High quality job creation program. Effective for tax periods ending on or after July 1, 2005, for programs approved on or after July 1, 2005, but before July 1, 2009, a business which qualifies under the high quality job creation program is eligible to receive tax credits. The high quality job creation program replaces the new jobs and income program and the new capital investment program. An eligible business under the high quality job creation program must be approved by the Iowa department of economic development and meet the qualifications of Iowa Code section 15.329.

The high quality job creation program was repealed on July 1, 2009, and has been replaced with the high quality jobs program. See rule 701—501.40(15) for information on the investment tax credit under the high quality jobs program. Any investment tax credit earned by businesses approved under the high quality job creation program prior to July 1, 2009, remains valid, and can be claimed on tax returns filed after July 1, 2009. The administrative rules for the high quality jobs program for the Iowa department of economic development may be found at 261—Chapter 68.

For information on what credits can be taken under this program, how the investment tax credit is computed and other details about this program, see rule 701—501.28(15). However, the research credit described in subrule 501.28(1) is not available for franchise tax filers.

This rule is intended to implement Iowa Code Supplement chapter 15.
