Keep the memory storage devices in secure storage after they are received and until they are installed in the voting equipment.

22.51(5) Preparation and installation. When memory storage devices are installed, they shall be sealed immediately into the machine using a numbered, tamper-evident seal. Appropriate log entries shall be completed.

22.51(6) Replacing seals or memory storage devices. If a seal is accidentally broken or a memory storage device is replaced for any reason, the issuance of a new seal and the entry into the log shall be witnessed by more than one person. The facts of the incident and the names of the individuals who detected and resolved it shall be recorded.

22.51(7) Opening the polls. Immediately before the polls open on election day, the precinct election officials shall turn on the voting equipment and print the report showing that all counters are set at zero.

22.51(8) Verification log. The commissioner shall provide to each precinct a precinct verification log with the ballot record and receipt. The verification log shall provide places for precinct election officials to record or check the following information before the polls open and again before leaving the polling place at the end of the day:

- Seal numbers from the voting equipment; and
- Condition of seals on ballot containers.

22.51(9) Election day.

- Before the polls are opened, the precinct election officials shall verify the required information in the verification log and sign the log.
- After the polls are closed, the precinct election officials shall verify the required information in the verification log and sign the log before leaving the polling place.

c. If the precinct election officials remove the memory storage devices from the voting equipment, the officials shall first print the results report from the voting equipment.

22.51(10) Return of memory storage devices. If the precinct election officials remove the memory storage devices from the voting equipment on election night, they shall return to the commissioner the memory storage devices and the seals used to secure them in a sealed envelope or other container. All officials of the precinct shall witness the statement on the envelope or other container. The label on the envelope or other container shall be in substantially the following form:

Memory Storage Devices

Election Date: _____

Precinct: _____

This envelope contains Memory Storage Devices and memory storage device access seals from this precinct.

Machine Number	Memory Storage Device #	Memory Storage Device Seal #

[Signatures of all precinct election officials shall be included on the label.]

22.51(11) Storage. If the memory storage devices are returned inside the voting equipment to the commissioner, the machine serial numbers and the seal numbers shall be verified against the verification log described in subrule 22.51(8). When the memory storage devices are removed, their serial numbers shall also be verified against the verification log returned by the precinct’s election officials. The memory storage device audit log shall be retained for the time period required by Iowa Code section 50.19.

22.51(12) Results verified. Before the conclusion of the canvass of votes, the individual results reports from the precincts, as signed by the precinct election officials at the polls on election night, shall be compared to the election results compiled for the canvass (either manually or electronically) to verify that transmitted and accumulated totals match the results witnessed by the election officials. Any discrepancies in these totals shall be reconciled before the supervisors conclude the canvass.

22.51(13) Retention of programmed memory storage devices. The election information on all memory storage devices used for an election shall be retained on the memory storage devices until after the time to file requests for recounts and election contests has passed. If a contest is pending, the memory storage devices shall be retained until the contest is resolved. Before the memory storage devices are permanently erased, the commissioner shall print the memory storage device audit log from each storage device.

22.51(14) Retention of program information. The commissioner shall retain all instructions and other written records of the process for programming the memory storage devices and the memory storage device audit logs for the period required by Iowa Code section 50.19. The contents of memory storage devices and other electronic records of the election process shall be collected and retained in an electronic or other medium and stored with the other election records for the time period required by Iowa Code section 50.19.
