

761—540.9(321N) Renewal.

540.9(1) A transportation network company that holds a valid permit may renew the permit by submitting, at minimum, the following: (1) the application, (2) the application fee, (3) current proof of insurance as specified in subrule 540.4(3), and (4) any supporting documents as set forth in rule 761—540.4(321N) that have changed since the documents were last approved by the department. Any required documentation that has not changed, other than current proof of insurance, does not need to be resubmitted for a permit renewal. The application for renewal must be submitted no more than 60 days before the expiration date of the existing permit and no fewer than 30 days before the expiration date of the existing permit.

540.9(2) Pursuant to Iowa Code section 17A.18(2), when a transportation network company has made a timely and sufficient application for the renewal of a valid permit, the existing permit does not expire until the application has been finally determined by the department and, in case the application is denied or the terms of the new permit are limited, until the last day for seeking judicial review of the department's order or a later date fixed by order of the department or the reviewing court.

540.9(3) If the application for renewal is submitted fewer than 30 days before the expiration date of the existing permit, then the application will be considered a new application and Iowa Code section 17A.18(2) shall not apply. If a transportation network company does not file a renewal application pursuant to this rule, then the original application will expire on the expiration date set forth on the original permit.

540.9(4) If a transportation network company initiates an appeal, informal settlement, or contested case proceeding pursuant to rule 761—540.8(321N) and the original application expires pursuant to the expiration date of the application, then the transportation network company is required to submit a renewal application pursuant to subrule 540.9(1) if the transportation network company intends to hold a valid permit under this chapter once the appeal, informal settlement, or contested case proceeding has been finally determined.
