

877—33.14(84H) Iowa self-employment program: purpose. The division of vocational rehabilitation services works in collaboration with the department for the blind to administer the Iowa self-employment (ISE) program. The purpose of the program is to provide business development funds in the form of technical assistance (up to \$10,000) and financial assistance (up to \$10,000) to qualified Iowans with disabilities who start, expand, or acquire a business within the state of Iowa. Actual assistance is based on the requirements of the business, not to exceed the technical assistance and financial assistance limits.
