

441—9.11(22) Availability of records. This rule lists the department records which are open to the public, those which are confidential, and those which are partially open and partially confidential.

Department records are listed by category according to the legal basis for confidential treatment (if any). A single record may contain information from several categories.

The department administers several federally funded programs and is authorized by Iowa Code section 22.9 to enforce confidentiality standards from federal law and regulation as required for receipt of the funds. Where federal authority is cited in this rule, the department has determined that the right to examine and copy public records under Iowa Code section 22.2 would cause the denial of funds, services, or essential information from the United States government that would otherwise be available to the department.

The chart indicates whether the records in this category contain personally identifiable information and indicates the legal authority for confidentiality and for the collection of personally identifiable information.

Abbreviations are used in the chart as follows:

O	The records are open for public inspection.
C	The records are confidential and are not open to public inspection.
O/C	The record is partly open and partly confidential.
