

281—35.2(282) Intent. It is the intent of this chapter that all school-age children, including children younger than 5 years of age and older than 18 years of age, who are eligible children to receive special education, who are living in any children's residential facility operated by a private entity providing residential care to children within the state of Iowa, which is not otherwise exempted by the Iowa Code, shall be provided an appropriate education.
