

657—10.19(124) Disposal of previously dispensed controlled substances. A registrant may not dispose of previously dispensed controlled substances unless the registrant has modified its registration with DEA to administer an authorized collection program. A registrant shall not take possession of a previously dispensed controlled substance except for reuse for the same patient.

[ARC 2408C, IAB 2/17/16, effective 3/23/16]
