

**495—9.2 (97B) Refunds for members eligible for a hybrid refund.** The calculation of the member's portion of employer accumulated contributions for a "hybrid refund" shall be as follows:

**9.2(1)** A "hybrid refund" is a refund that is calculated for a member who has a combination of regular service and special service quarters.

**9.2(2)** If a member is eligible for a hybrid refund, the member's portion of employer accumulated contributions shall be calculated by multiplying the total employer accumulated contributions by: (a) the member's regular service factor, if any; and (b) the special service factor, if any (except as otherwise provided in this subrule). The amounts obtained will be added together to determine the amount of the employer accumulated contributions payable. In no event will a member ever receive an amount in excess of 100 percent of the employer accumulated contributions for that member.

**9.2(3)** Upon reconciliation of the final contributions from a member's employer, the member's portion of the employer accumulated contributions under this rule will be recalculated. IPERS will add the additional quarter(s) of service to the numerator of the applicable service factor. The adjusted service factor will be multiplied by the sum of the original employer accumulated contributions plus the supplemental employer accumulated contributions. The employer accumulated contributions included in the original refund will then be subtracted from that recalculated figure to determine the amount of the employer accumulated contributions to be included in the supplemental refund.

**9.2(4)** If wages reported for a quarter are a combination of regular and special service wages, IPERS will classify the service credit for each quarter based on the largest dollar amount reported for that quarter. A member shall not receive more than one quarter of service credit for any calendar quarter, even though more than one type of service credit is recorded for that quarter.

**9.2(5)** If a member is last employed in a sheriff or deputy sheriff position, all quarters of "eligible service" shall be counted as quarters of sheriff or deputy sheriff service credit.

**9.2(6)** A special limitation applies to hybrid refunds where the member and employer contributed at regular rates for quarters that are eligible for coverage under Iowa Code section 97B.49B or Iowa Code section 97B.49C. If a member has regular service credit and special service credit and any part of the special service credit consists of quarters for which only regular contributions were made, such quarters will be counted as regular service quarters. However, the foregoing limitation will not apply if the member only has service credit eligible for coverage under Iowa Code section 97B.49B or only has service credit eligible for coverage under Iowa Code section 97B.49C.
