

701—1102.6(99G,252J,272D) Lottery licenses.

1102.6(1) A lottery license authorizes the licensee to sell only the types of lottery products specified on the license. The department has discretion to license a qualified applicant to sell any one or any combination of the following lottery products: scratch tickets, instaplay tickets, pull-tab tickets, and computerized game tickets, if available. The department may condition the ability of a licensee to sell one or more types of lottery products on the applicant's agreement to sell any other lottery product.

1102.6(2) Any eligible applicant may apply for a license to act as a retailer by first filing with the department an application form together with any supplements deemed necessary by the department. Supplements may include but are not limited to authorizations to investigate criminal history, financial records and financial resources, and authorizations to allow the division to conduct site surveys.

1102.6(3) The application fee for a lottery retail license is \$25. The application fee is nonrefundable.

1102.6(4) Retailers who are currently licensed may apply for a license modification to allow the sale of additional lottery products. A current retailer may be required to complete an additional application or application supplements.

1102.6(5) The department may waive the payment of any license fee to facilitate an experimental program or a research project.

1102.6(6) A limited number of retailers may be selected as licensees from applications received. The selection will be made based on criteria designed to produce the maximum amount of net revenue and serve public convenience. The department may refuse to accept license applications for a period of time if the department determines that the number of existing licensees is adequate to market any lottery product.

1102.6(7) The department will grant, deny, or place on hold all applications within 60 days of acceptance of an application. Applications placed on hold are considered denied for purposes of appeal.

If an application is denied because the department has received a certificate of noncompliance from Iowa child support services in regard to an individual, the effective date of denial of the issuance of the license, as specified in the notice issued under Iowa Code section 252J.8, shall be 60 days following service of the notice upon the applicant.

This rule is intended to implement Iowa Code sections 99G.7, 99G.9(2), 99G.21(2), 99G.24, 99G.30, 252J.2, 252J.8, and 272D.8.
