

701—1106.3(99G) Method of play. If mandated by the game specific rules, a player selects an appropriate number of the available game variables. A player may select each game variable by marking a play slip and submitting the play slip to a retailer, by asking a retailer to manually enter the game variables, or by purchasing an “easy pick” ticket from a retailer. Players may also purchase plays from player-activated terminals by use of a touch screen if player-activated terminals are available. A drawing is held in which an appropriate number of the game variables are drawn on a random basis.

This rule is intended to implement Iowa Code sections 99G.9(2) and 99G.21.
