

761—101.3(306) Composition and membership of the board.

101.3(1) The board is composed of 12 county engineers selected by the Iowa county engineers association. Two members are selected from each district to serve staggered terms. After the first complete term rotation as shown below, the members serve six-year terms. Rotations should be staggered so that no more than one-sixth of the membership is rotated off the board in any one year. The rotation of board members should further provide that two members from one district will not be rotated off the board in the same year, and that their rotations will be varied by three years. Board rotation should be as follows and should be extended in future years in the same pattern:

Year	Rotation	
2021	District 1 Representative A	District 4 Representative A
2022	District 2 Representative A	District 5 Representative A
2023	District 3 Representative A	District 6 Representative A
2024	District 1 Representative B	District 4 Representative B
2025	District 2 Representative B	District 5 Representative B
2026	District 3 Representative B	District 6 Representative B

101.3(2) Members are nominated by their districts and approved by the executive board. A county engineer may serve multiple, consecutive terms if so nominated by the county engineer's district. If a county engineer is unable to complete a term for any reason, the president selects another county engineer within the district to serve the balance of the term.

101.3(3) The board selects from its membership a chair and a vice-chair to serve one-year terms. The chair serves at the pleasure of the board and may be elected to multiple terms as deemed appropriate by the board. The vice-chair presides at a meeting in the absence of the chair.
