

**567—119.6(455D,455B) Locating collection sites.** If the retailer is unaware of any locations within the county where waste oil is being accepted from customers, then the retailer shall cooperate with other retailers to identify a waste oil collection site for customers. To identify a waste oil collection site, retailers should consider recruiting an operator of a facility which already has the means to collect waste oil. If through this cooperative effort no sites can be identified, then the retailer should consider accepting waste oil from customers according to the standards listed in this chapter.
