

875—3.4(88) Advance notice of inspections.

3.4(1) Advance notice of inspections may not be given, except in the following situations:

- a.* In cases of apparent imminent danger, to enable the employer to abate the danger as quickly as possible;
- b.* In circumstances where the inspection can most effectively be conducted after regular business hours or where special preparations are necessary for an inspection;
- c.* Where necessary to ensure the presence of representatives of the employer and employees or the appropriate personnel needed to aid in the inspection; and
- d.* In other circumstances where the labor commissioner or the commissioner's designee determines that the giving of advance notice would enhance the probability of an effective and thorough inspection.

3.4(2) In situations described in 3.4(1), advance notice of inspections may be given only if authorized by the labor commissioner or the commissioner's designee, except that in cases of apparent imminent danger, advance notice may be given by the compliance safety and health officer without such authorization if the labor commissioner or the commissioner's designee is not immediately available. When advance notice is given, it shall be the employer's responsibility promptly to notify the authorized representative of employees of the inspection, if the identity of the representative is known to the employer. Upon the request of the employer, the compliance safety and health officer will inform the authorized representative of employees of the inspection, provided that the employer furnishes the compliance safety and health officer with the identity of the representative and with other information as is necessary to enable the compliance safety and health officer promptly to inform the representative of the inspection. An employer who fails to comply with the obligation under this rule promptly to inform the authorized representative of employees of the inspection, or to furnish such information as is necessary to enable the compliance safety and health officer promptly to inform the representative of the inspection, may be subject to citation and penalty under Iowa Code section 88.14(3). Advance notice in any of the situations described in subrule 3.4(1) shall not be given more than 24 hours before the inspection is scheduled to be conducted, except in apparent imminent danger situations and in other unusual circumstances.

This rule is intended to implement Iowa Code sections 88.6(1) and 88.14(6).
