“Native stone riprap” means broken stone, dolomite, quartzite or fieldstone meeting Iowa department of transportation specification 4130, Class D.

“Ordinary high water line” means the boundary between meandered sovereign lakes and rivers, except the Mississippi River, and littoral or riparian property. “Ordinary high water line” is the limit where high water occupies the land so long and continuously as to wrest terrestrial vegetation from the soil or saturate the root zone and destroy its value for agricultural purposes. “Ordinary high water line” is the boundary between upland and wetland as defined by the U.S. Army Corps of Engineers Wetlands Delineation Manual dated January 1987. For Storm Lake in Buena Vista County and Clear Lake in Cerro Gordo County, the elevation has been established by adjudication. A list of elevations for the ordinary high water lines of meandered sovereign lakes, as determined by this definition and applicable court cases, is available on the department’s Web site.

“Ordinary high water line of the Mississippi River” means the elevation, as defined by criteria in the Code of Federal Regulations, 33 CFR Part 328.3 (November 13, 1986), promulgated by the U.S. Army Corps of Engineers, where the water exists at or below such elevation 75 percent of the time as shown by water stage records since construction of the locks and dams in the river.

“Permit” means a sovereign lands construction permit issued pursuant to this chapter.

“Permittee” means a person who receives a permit pursuant to these rules, which may also include the authorized agent if designated pursuant to these rules.

“Person” means the same as defined in Iowa Code section 4.1.

“Public boat ramp” means a boat ramp constructed to provide public access from public land to a water body.

“Public lands” means land under the jurisdiction of the commission that is owned by the state or that has been dedicated for public access to a meandered sovereign lake or meandered sovereign river.

“Public waters” means a water body under the jurisdiction of the commission that is owned by the state or that has been dedicated for public access to a meandered sovereign lake or meandered sovereign river.

“Riparian land” means land abutting a river.

“Sovereign island” means an island located within a sovereign meandered lake or a sovereign meandered river that was transferred to the state upon its admission to the union and whose title continues to be retained by the state.

“Standard riprap” means broken stone, dolomite, quartzite, fieldstone, or broken concrete meeting Iowa department of transportation specification 4130, Class D. Broken concrete shall not have reinforcing materials protruding from the surface of the riprap. Standard riprap shall not include petroleum-based materials.
