

481—69.29 (231C) Staffing. In addition to the general staffing requirements in rule 481—69.29(231B,231C,231D), the following requirements apply to staffing in programs.

69.29(1) Each tenant shall have access to a 24-hour personal emergency response system that automatically identifies the tenant in distress and can be activated with one touch.

69.29(2) In lieu of providing access to a personal emergency response system, a program serving one or more tenants with cognitive disorder or dementia shall follow a system, program, or written staff procedures that address how the program will respond to the emergency needs of the tenant(s).

69.29(3) The owner or management corporation of the program is responsible for ensuring that all personnel employed by or contracting with the program receive training appropriate to assigned tasks and target population.

69.29(4) A dementia-specific assisted living program shall have one or more staff persons who monitor tenants as indicated in each tenant's service plan. The staff shall be awake and on duty 24 hours a day on site and in the proximate area. The staff shall check on tenants as indicated in the tenants' service plans.

69.29(5) All programs employing a new program manager after January 1, 2010, shall require the manager within six months of hire to complete an assisted living management class whose curriculum includes at least six hours of training specifically related to Iowa rules and laws on assisted living programs. Managers who have completed a similar training prior to January 1, 2010, shall not be required to complete additional training to meet this requirement.

69.29(6) All programs employing a new delegating nurse after January 1, 2010, shall require the delegating nurse within six months of hire to complete an assisted living manager class or assisted living nursing class whose curriculum includes at least six hours of training specifically related to Iowa rules and laws on assisted living. A minimum of one delegating nurse from each program must complete the training. If there are multiple delegating nurses and only one delegating nurse completes the training, the delegating nurse who completes the training shall train the other delegating nurses in the Iowa rules and laws on assisted living. As of January 1, 2011, all programs shall have a minimum of one delegating nurse who has completed the training described in this subrule.
