

661—550.2(103) Definitions. The definitions set forth in Iowa Code sections 103.1 and 103.1A are incorporated herein by reference. The following definitions also apply:

“Emergency installation” means an electrical installation necessary to restore power to a building or facility when existing equipment has been damaged due to a natural or manmade disaster or other weather-related cause. Emergency installations may be performed by persons properly licensed to perform the work and may be performed prior to submission of a request for permit or request for inspection.

“Residential electrical work” means electrical work in a residence in which there are no more than four living units within the same building and includes work to connect and work within accessory structures, which are structures no greater than 3,000 square feet in floor area, not more than two stories in height, the use of which is incidental to the use of the dwelling unit or units, and located on the same lot as the dwelling unit or units.

“Volunteer emergency service provider” means a volunteer fire fighter as defined in Iowa Code section 85.61, a volunteer emergency rescue technician as defined in Iowa Code section 147A.1 or a reserve peace officer as defined in Iowa Code section 85.61.
