

21—64.73 (163) Tuberculin tests classified. Tuberculin tests adopted by the department of agriculture and land stewardship are:

64.73(1) The subcutaneous or “Thermal” test.

64.73(2) The intradermic or “Skin” test.

64.73(3) The ophthalmic or “Eye” test.

64.73(4) The TB Stat-Pak test for cervids.

This rule is intended to implement Iowa Code section 165.13.
