

645—61.15 (157) Instructors. All instructors in a school of cosmetology arts and sciences shall be licensed by the department.

61.15(1) An instructor teaching a course in electrolysis, esthetics or nail technology shall also hold a license in that practice or hold a cosmetology license that shows proof of having completed training in those practices equivalent to that of a license holder in that practice.

61.15(2) An instructor teaching a course in microdermabrasion, chemical peels, IPLs and lasers shall be certified by the state of Iowa to provide each of the services, as set forth in rule 645—60.4(157).

61.15(3) The number of instructors for each school of cosmetology arts and sciences shall be based upon total enrollment, with a minimum of 2 instructors employed on a full-time basis for up to 30 students and an additional instructor for each additional 15 students. The school shall have 2 instructors on duty during school hours. A student instructor shall not be used to meet licensed instructor-to-student ratios. A school operated by an area community college prior to September 1, 1982, with only 1 instructor per 15 students is not subject to this subrule and may continue to operate with the ratio of 1 instructor to 15 students. A student instructor shall not be used to meet licensed instructor-to-student ratios.

61.15(4) An instructor shall:

- a.* Be responsible for and in direct charge of all theory and practical classrooms and clinics at all times;
- b.* Familiarize students with the different standard supplies and equipment used in salons; and
- c.* Not perform cosmetology services, with or without compensation, on the school premises except for demonstration purposes.
