

**701—53.15(422) Consolidated returns.**

**53.15(1) Definition.** The term “common parent” as used in these rules shall have the same general meaning as when used in the federal income tax regulation. However, where the common parent is not subject to the Iowa income tax because of the provisions of 701—subrule 52.1(1) or because of specific exemption under Iowa Code section 422.34, the common parent shall designate as the agent for the affiliated group, one of its subsidiaries subject to the Iowa income tax and shall notify the director of the same in writing. Where the common parent has designated one of its subsidiaries to act as agent for the affiliated group, reference in this rule to “common parent” shall mean the designated agent.

Unless otherwise distinctly expressed, the terms used in this rule shall have the same meaning as when used in a comparable context in the federal income tax regulations for consolidated returns except for determining whether an affiliated group had exercised its privilege of filing a consolidated return. All references to the “commissioner” or “district director” in the federal regulations shall be construed to mean the director for purposes of the Iowa rules.

*a.* An affiliated group of corporations which did not file a consolidated return for the immediately preceding taxable year may file a consolidated return in lieu of separate returns for the taxable year. Each corporation which is subject to the Iowa corporation income tax or is unitary with a member which is subject to the Iowa corporation income tax and has been a member during any part of the taxable year for which the consolidated return is to be filed must consent (as provided in paragraph 53.15(1)“d”) to the filing of the consolidated return. For tax years beginning on or after July 1, 1992, only those members of the affiliated group of corporations which are subject to the Iowa corporation income tax may be included in the Iowa consolidated return. If the statutory change in the members of an affiliated group of corporations which may be included in an Iowa consolidated income tax causes a change in the members of the affiliated group actually included in the Iowa consolidated income tax return for the previous tax year, the taxpayer may discontinue filing a consolidated Iowa corporation income tax return for the first tax year beginning on or after July 1, 1992.

*b.* If a group wishes to exercise its privilege of filing a consolidated return, the consolidated return must be filed not later than the date prescribed by Iowa Code section 422.21 (including extensions of time) for the filing of the common parent’s return. The consolidated return may not be withdrawn after the last day for filing (including extensions of time) but the group may change the basis of its return at any time prior to the last day.

*c.* The consolidated return shall be made on Form IA-1120 for the group by the common parent corporation. The common parent corporation of the group must attach a copy of the federal Form 851 (Affiliations Schedule) to the consolidated return.

*d.* If a group wishes to exercise its privilege of filing a consolidated return, each subsidiary must consent to the filing of the consolidated return for the year. The subsidiaries must consent to the filing of an Iowa consolidated return by joining in the filing of an Iowa consolidated return on or before the due date (including any extensions of time). If both separate and consolidated returns are filed on or before the due date (including any extensions of time), the latest returns filed will be considered as the taxpayers’ election in regards to the filing of separate or consolidated returns.

*e.* The common parent, for all purposes other than the making of the consent required by subrule 53.15(1)“a,” shall be the sole agent for each subsidiary in the group, duly authorized to act in its own name in all matters relating to the tax liability for the consolidated return year. No subsidiary shall have authority to act for or to represent itself in any matter. The provisions of this paragraph shall apply whether or not a consolidated return is made for any subsequent year and whether or not one or more subsidiaries have become or have ceased to be members of the group at any time. If a subsidiary has ceased to be a member of the group and if the subsidiary files written notice of the cessation with the director, then upon request of the subsidiary, the director will furnish it with a copy of any notice of deficiency in respect of the tax for a consolidated return year for which it was a member. The filing of the written notification and request by a corporation shall not have the effect of limiting the scope of the agency of the common parent.

*f.* Unless the director agrees to the contrary, an agreement entered into by the common parent extending the time within which a notice of deficiency may be issued, or a levy or a proceeding in court

begun in respect of the tax for a consolidated return year shall be applicable to each corporation which was a member of the group during any part of the taxable year and to each corporation, the income of which was included in the consolidated return for the taxable year, notwithstanding that the liability of the corporation is subsequently computed on the basis of a separate return under these rules.

g. If the common parent corporation contemplates dissolution, or is about to be dissolved, or if for any other reason its existence is about to terminate, it shall forthwith notify the director of that fact and designate another member to act as its agent in its place to the same extent and subject to the same conditions and limitations as are applicable to the common parent. If this notice is not given by the common parent, the remaining members may, subject to the approval of the director, designate another member to act as agent, and notice of the designation shall be given to the director. Until a notice in writing designating a new agent has been approved by the director, any notice of deficiency or other communications mailed to the common parent shall be considered as having been properly mailed to the agent of the group. If the director has reasons to believe that the existence of the common parent has terminated, the director may, if deemed advisable, deal directly with any member in respect of its liability.

**53.15(2)** *When director may require consolidated return.* In accordance with the provisions of rule 53.15(422), the director may require a consolidated return for those members of an affiliated group of corporations which would be eligible to elect to consolidate their incomes under Iowa Code section 422.37 if the filing of separate returns for such corporations would improperly reflect the taxable incomes of said corporations or of said group.

**53.15(3)** *Discontinuance of filing consolidated returns.*

a. An affiliated group which filed (or was required to file) a consolidated return for the immediately preceding taxable year is required to file a consolidated return for the taxable year unless it is allowed to discontinue filing consolidated returns, or unless a federal consolidated return is not filed by the group.

b. In the event that a consolidated filing for Iowa tax purposes is discontinued for any reason, the common parent shall so notify the department by letter. The mere filing of separate returns does not, in itself, constitute sufficient notice.

c. The following constitute factors for determining when consolidated filing for Iowa tax purposes can be discontinued:

1. If the filing of separate returns will more clearly disclose the taxable income of each member of the affiliated group. Corporations should note that such determination is vested in the director. Therefore, corporations should make application to the director within a reasonable time prior to the due date of the return (including extensions of time). Normally, this would be not later than 90 days prior to said due date. The application should set forth in detail the taxable income on both a consolidated and separate basis together with the reasons why separate returns would more clearly disclose Iowa taxable income. The mere fact that the consolidated tax liability is greater or less than the combined separate liabilities is not, of itself, a ground for discontinuance of consolidated filing.

2. If one or more of the members of the affiliated group cease to be subject to Iowa corporate income tax or cease to have operations which constitute a part of the unitary business of one or more members subject to the Iowa tax, consolidation may be discontinued in whole or in part.

3. If one or more of the members of the affiliated group change in character so that they are no longer taxable under the Iowa corporate income tax law.

EXAMPLE: Common parent A is a manufacturer. Subsidiary B is a company engaged in small loans. A and B file consolidated Iowa returns. In a subsequent taxable year, B changes its business by surrendering its small loan company license and obtains a state bank charter. Even though A and B continue to file federal consolidated returns, B is now a corporation exempt from tax under Iowa Code section 422.34. Therefore A and B should discontinue filing Iowa consolidated returns.

4. If the affiliated group is purchased by another corporation or affiliated group so that after the purchase the stockholders own less than 50 percent of the fair market value of all classes of outstanding stock of the new corporation or affiliated group then the old group must discontinue filing Iowa consolidated returns. The new group may exercise its privilege of filing a consolidated return.

*d.* If a group is allowed to discontinue filing consolidated returns for any taxable year, then each member of the affiliated group subject to Iowa tax must file a separate return for such year on or before the last day prescribed by law (including extensions of time) for the filing of the consolidated return for such year.

*e.* A group shall be considered as remaining in existence, for the purposes of the Code, in accordance with the rules prescribed in Treasury Regulation Section 1.1502-75(d).

*f.* If a consolidated return erroneously includes the income of one or more corporations which were not members of the group at any time during the consolidated return year, the tax liability of such corporations will be determined upon the basis of separate returns (or a consolidated return of another group, if paragraph 53.15(1)“c” or 53.15(3)“a” applies) and the consolidated return will be considered as including only the income of the corporations which were members of the group during that taxable year.

*g.* In any case in which amounts have been assessed and paid upon the basis of a consolidated return, and where the tax liability of one or more of the corporations included in the consolidated return is to be computed in the manner described in paragraph 53.15(3)“f,” the amounts so paid shall be allocated between the group composed of the corporations properly included in the consolidated return and each of the corporations, whose tax liability is to be computed on a separate basis (or on the basis of a consolidated return of another group) in such manner as the corporations which were included in the consolidated return, and where the tax liability of one or more of the corporations included absence of an agreement, the tax liability of the group shall be allocated under subrule 53.12(4).

*h.* The taxable year of members of the group, including rules for changing the parent’s taxable year, income to be included in the separate returns, and the time for making separate returns for periods not included in a consolidated return for the purposes of the Iowa Code, shall be in accordance with the rules prescribed in Treasury Regulation Section 1.1502-76(a)-(c).

**53.15(4) *Determination of consolidated Iowa income.***

*a.* Unless otherwise provided by these rules or manifestly inconsistent with the provisions of the Iowa Code, the consolidated taxable income for a consolidated return year under the Iowa Code shall be determined in the same manner and under the same procedures, including intercompany adjustments and eliminations, as are required by the federal income tax regulations in the case of a federal consolidated return.

*b.* If the Iowa affiliated group differs in its members from the federal affiliated group, such nonqualifying member(s) shall not be considered includable corporations and all computations hereunder shall be made as if such member(s) were not members of the affiliated group. The consolidated federal income tax liability shall be allocated between includable corporations and nonincludable corporations by subrule 53.12(4).

*c.* The apportionment provisions of Iowa Code section 422.33 shall be taken into account by an affiliated group doing business within and without Iowa. All members of an affiliated group which join in the filing of an Iowa consolidated return shall determine the portion of the consolidated net income earned within and without Iowa by the same method. All intercompany transactions shall be eliminated in the determination of the apportionment factors.

The gross receipts of each corporation which joins in the filing of an Iowa consolidated corporation income tax return shall be included in the computation of the business activity ratio. The gross receipts of each corporation shall be included in the numerator of the business activity ratio to the extent that it has nexus in Iowa and its gross receipts are not eliminated by intercompany adjustments and are considered Iowa gross receipts by rules 701—54.2(422) to 54.8(422). The gross receipts of each corporation shall be included in the denominator of the business activity ratio to the extent its gross receipts are not eliminated by intercompany adjustments.

**53.15(5) *Schedules.*** Supporting schedules shall be filed with the consolidated return. The statement of gross income and deductions and other schedules required for each corporation shall be prepared and filed in columnar form so that the details of the items of gross income, deductions, and credits for each member may be readily ascertained. A column shall also be provided giving effect to any eliminations and adjustments. The items included in the column for eliminations and adjustments should

be symbolized to identify contra items affected, and suitable explanations appended, if necessary. Similar schedules shall contain in columnar form a reconciliation of retained earnings for each corporation, together with a reconciliation of consolidated retained earnings. Consolidated balance sheets at the beginning and close of the taxable year of the group shall accompany the consolidated return prepared in a form similar to that required for other schedules. Transactions with a subsidiary which is not included as part of the Iowa consolidated return shall not be considered as intercompany transactions for elimination purposes in computing the consolidated Iowa taxable income for the return period.

**53.15(6) Liability for tax.**

*a.* Except as provided in paragraph 53.15(6) “*b*,” the common parent corporation and each subsidiary subject to the Iowa corporation income tax which was a member of the affiliated group during any part of the consolidated return year shall be severally liable for the tax for the year computed in accordance with Iowa Code chapter 422, on or before the due date (not including extensions of time) for the filing of the consolidated return for that year.

*b.* If a subsidiary has ceased to be a member of the group and if the cessation resulted from a bona fide sale or exchange of its stock for fair value and occurred prior to the date upon which any deficiency is assessed, the director may make an assessment and collection of the deficiency from the former subsidiary in an amount not exceeding the portion of the deficiency which the director may determine to be allocable to it. If the director makes assessment and collection of any part of a deficiency from the former subsidiary, then for purposes of any credit or refund of the amount collected from the former subsidiary the agency of the common parent under the provisions of paragraph 53.15(1) “*e*” shall not apply.

*c.* No agreement entered into by one or more members of the affiliated group with any other member of the group shall in any case have the effect of reducing the liability prescribed under this subrule.

**53.15(7) Computation of contribution.** Computation of a separate corporation’s contribution to consolidated income or net operating loss subject to Iowa tax for purposes of net operating loss carryover and carryback limitations shall be as follows:

$$\frac{A}{B} \times C \times \frac{D}{A} + E = \text{separate corporation contribution to consolidated income subject to Iowa tax.}$$

A = Separate corporation gross sales within and without Iowa after elimination of all intercompany transactions.

B = Consolidated gross sales within and without Iowa after elimination of all intercompany transactions.

C = Iowa consolidated net income subject to apportionment.

D = Separate corporation gross sales within Iowa after elimination of all intercompany transactions.

E = Separate corporation income allocable to Iowa.

**53.15(8) Limitations on net operating loss carryover and carryback.**

*a. Definitions.*

(1) The term “separate return year” means a year in which a corporation filed a separate return and also a year for which it joined (or was required to join) in the filing of an Iowa consolidated return by another affiliated group.

(2) The term “separate return limitation year” means any separate return year of a member of the group or of a predecessor of the member.

*b. Limitation on net operating loss carryover.* A net operating loss from a separate return limitation year of a member of the group may be carried over only to the extent that the member contributed to the Iowa consolidated taxable income as computed under subrule 53.15(7). A net operating loss carryover from a separate return limitation year cannot create or increase a consolidated net operating loss which is carried back.

A consolidated net operating loss may be carried over to a consolidated return year without limitation even though in the carryover year the affiliated group contains members which were not members of the group in the loss year.

If a member of the affiliated group in the loss year leaves the group through the sale of its stock or because it is now a corporation exempt from tax under Iowa Code section 422.34, its share, as determined by subrule 53.15(7), of the unabsorbed consolidated net operating loss at the end of the consolidated return year during which the member left the group or became exempt from tax may not be carried forward to a subsequent consolidated return.

*c. Limitation on net operating loss carryback.* A member's share of an Iowa consolidated net operating loss as computed under subrule 53.15(7) must be carried back to a separate return year, unless the affiliated group elected to carry the net operating loss forward. However, if the member was not in existence in the carryback year but had been a member of the group for every tax year of its existence, its share of the Iowa consolidated loss may be carried back to a separate return year of the common parent.

If a consolidated net operating loss is carried back to a consolidated return year and all members of the affiliated group are the same in the carryback year as in the loss year, the consolidated net operating loss may be carried back without limitation. If there are members of the affiliated group in the loss year which were not members in the carryback year, then the formula in subrule 53.15(7) must be used to determine the portion of the consolidated net operating loss attributable to the members in existence in the carryback year and which may be carried back. Any member of the affiliated group which was a member of the loss-year affiliated group which has been a member of the group since its formation will be regarded as having been a member of the group in the carryback year even though it was not then in existence. A merger or liquidation of members within the affiliated group will be disregarded in determining whether there has been a change in the group between the loss year and the carryback year.

The amount of net operating loss that may be carried back from a separate return year to a consolidated return year is limited to the extent that the former member contributed to the Iowa consolidated taxable income as computed under subrule 53.15(7).

This rule is intended to implement Iowa Code sections 422.35 and 422.37 as amended by 1992 Iowa Acts, Second Extraordinary Session, Senate File 2393.
