The holder of the specific license shall furnish a copy of the general license contained in rule 641—37.8(136C), or in equivalent regulations of the department having jurisdiction over the manufacture and distribution of the device, to each general licensee to whom the holder transfers such device to or on whose premises the holder installs such device.

(8) The department may withdraw, limit, or qualify its acceptance of any specific license, equivalent licensing document issued by the Commission or an agreement state, or any product distributed pursuant to such licensing document upon determining that such action is necessary in order to prevent undue hazard to public health and safety or to property.

(9) Enforcement and revocation of industrial radiographer ID cards.

1. Any industrial radiographer who violates these rules shall be subject to formal enforcement action. The department may require the radiographer to appear at a formal hearing to show cause why the ID card should not be suspended or revoked.

2. When the department issues an order directing an industrial radiographer to cease and desist from the use of radioactive material, or suspending or revoking an ID card, the radiographer shall immediately surrender the ID card to the department. The ID card shall not be reissued until the order has been modified or rescinded or the period of suspension has expired.
