

481—481.3(138) Waste disposal.

481.3(1) *Solid waste disposal.* Solid waste shall be disposed of in a sanitary disposal project pursuant to Iowa Code chapter 455B, or, if disposed of on the premises, buried so as to create no health hazard or nuisance.

481.3(2) *Liquid waste.* Liquid waste shall be disposed of as follows:

a. Existing wastewater disposal systems located and constructed so as not to create a nuisance or condition of pollution.

b. Water-carriage toilets discharged to a septic tank and solid absorption system or other type of disposal system located, designed and constructed in accordance with the specifications set forth in 567—Chapter 69.

c. A leaching pit or other type disposal system provided to receive the wastes from sinks, laundries, showers and tubs when no septic tank and absorption system is available located and constructed in accordance with the specifications set forth in 567—Chapter 69.
