

567—122.6 (455B,455D) CRT collection and storage requirements for registered collection points.

122.6(1) CRT storage at a registered collection site shall be limited to 48 Gaylord boxes or the equivalent containing no more than 2,000 CRTs.

122.6(2) A CRT shall not be stored at a registered collection point for more than one year.

122.6(3) All CRTs shall be stored in a building, shipping container, or enclosed vehicle that provides protection from the elements.

122.6(4) Access to the CRT storage area shall be secured during nonbusiness hours.

122.6(5) The CRT storage area shall be free of other solid waste, other than in designated storage areas, except for incidental amounts of solid waste that are not discarded CRTs.

122.6(6) Containers or packages shall be labeled and transported in compliance with state and federal Department of Transportation (DOT) rules.

122.6(7) Any container holding CRTs shall be clearly labeled with the contents of the container and the date the first CRT was placed in the container.

122.6(8) The CRT collection facility shall maintain the following records on site for a minimum of three years.

a. The total amount of CRTs received in a calendar year.

b. The total amount of CRTs shipped for recycling or reuse in a calendar year.

c. All shipping papers, manifests, and bills of lading for CRTs shipped from the facility.

122.6(9) The registrant must annually provide information to all employees who handle or have responsibility for managing discarded CRTs. The information shall describe proper handling, safety, and emergency procedures appropriate for discarded CRTs. A training log shall be maintained on site by the registrant and shall contain the following information:

a. A copy of the information provided to the employees;

b. The names of the employees who received the information; and

c. The date the training was provided to the employee.
