

**761—607.50(321) Self-certification of type of driving and submission of medical examiner's certificate.**

**607.50(1)** *Applicants for commercial learner's permit, restricted CDL, or new, transferred, renewed or upgraded CDL.*

*a.* A person shall provide to the department a self-certification of type of driving if the person is applying for:

- (1) A commercial learner's permit,
- (2) An initial commercial driver's license,
- (3) A transfer of a commercial driver's license from a prior state of domicile to the state of Iowa,
- (4) Renewal of a commercial driver's license,
- (5) A license upgrade for a commercial driver's license or an endorsement authorizing the operation of a commercial motor vehicle not covered by the current commercial driver's license, or
- (6) A restricted commercial driver's license.

*b.* The self-certification shall be on a form or in a format, which may be electronic, as provided by the department.

**607.50(2)** *Submission of medical examiner's certificate by persons certifying to non-excepted interstate driving.* Every person who self-certifies to non-excepted interstate driving must give the department a copy of the person's current medical examiner's certificate, unless the person's medical examiner's certificate is provided to the department electronically by the Federal Motor Carrier Safety Administration. The department shall not issue, transfer, renew, or upgrade a license until the department receives a medical examiner's certificate that complies with the requirements of this subrule, or unless the person changes the person's self-certification of type of driving to a type other than non-excepted interstate driving. When the department receives a current medical examiner's certificate, the department shall post a medical certification status of "certified" on the person's CDLIS driver's record. A person who self-certifies to a type of driving other than non-excepted interstate shall have no medical certification status on the CDLIS driver's record.

**607.50(3)** *Maintaining certified status.* To maintain a medical certification status of "certified," a person who self-certifies to non-excepted interstate driving must give the department a copy of each subsequently issued medical examiner's certificate valid for the person unless the person's medical examiner's certificate is provided to the department electronically by the Federal Motor Carrier Safety Administration.

**607.50(4)** *CDL downgrade.* If the medical examiner's certificate or medical variance for a person self-certifying to non-excepted interstate driving expires or if the Federal Motor Carrier Safety Administration notifies the department that the person's medical variance was removed or rescinded, the department shall post a medical certification status of "not certified" to the person's CDLIS driver's record and shall initiate a downgrade of the person's commercial driver's license or commercial learner's permit. The medical examiner's certificate of a person who fails to maintain a medical certification status of "certified" as required by subrule 607.50(3) shall be deemed to be expired on the date of expiration of the last medical examiner's certificate filed for the person as shown by the person's CDLIS driver's record. The downgrade will be initiated and completed as follows:

*a.* The department shall give the person written notice that the person's medical certification status is "not certified" and that the commercial motor vehicle privileges will be removed from the person's commercial driver's license or commercial learner's permit 60 days after the date the medical examiner's certificate or medical variance expired or the medical variance was removed or rescinded unless the department receives a current medical certificate or medical variance or the person self-certifies to a type of driving other than non-excepted interstate.

*b.* If the department receives a current medical examiner's certificate or medical variance before the end of the 60-day period, the department shall post a medical certification status of "certified" on the person's CDLIS driver's record and shall terminate the downgrade of the person's commercial driver's license or commercial learner's permit.

*c.* If the person self-certifies to a type of driving other than non-excepted interstate before the end of the 60-day period, the department shall not remove the commercial motor vehicle privileges from

the person's commercial driver's license or commercial learner's permit, and the person will have no medical certification status on the person's CDLIS driver's record.

*d.* If the requirements in either paragraph 607.50(4) "b" or "c" are not met before the end of the 60-day period, the department shall remove the commercial motor vehicle privileges from the person's commercial driver's license or commercial learner's permit and shall leave the person's medical certification status as "not certified" on the person's CDLIS driver's record.

**607.50(5) Establishment or reestablishment of "certified" status.** A person who has no medical certification status or whose medical certification status has been posted as "not certified" on the person's CDLIS driver's record may have the person's status established or reestablished as "certified" if the department receives a current medical examiner's certificate or medical variance. A person who has failed to self-certify to a type of driving or has self-certified to a type of driving other than non-excepted interstate must also make a self-certification of type of driving to non-excepted interstate driving. The department shall then post a medical certification status of "certified" on the person's CDLIS driver's record.

**607.50(6) Reestablishment of the CDL privilege.** A person whose commercial motor vehicle privileges have been removed from the person's commercial driver's license or commercial learner's permit under the provisions of paragraph 607.50(4) "d" may have the person's commercial motor vehicle privileges reestablished if either of the following occurs:

*a.* The department receives the person's current medical examiner's certificate or medical variance. A person who has failed to self-certify to a type of driving must also make an initial self-certification of type of driving to non-excepted interstate driving. The department shall then post a medical certification status of "certified" on the person's CDLIS driver's record and reestablish the commercial motor vehicle privileges, provided that the person otherwise remains eligible for a commercial driver's license or commercial learner's permit.

*b.* The person self-certifies to a type of driving other than non-excepted interstate. The department shall then reestablish the commercial motor vehicle privileges, provided that the person otherwise remains eligible for a commercial driver's license or commercial learner's permit; the person will have no medical certification status on the driver's CDLIS driver's record.

**607.50(7) Change of type of driving.** A person may change the person's self-certification of type of driving at any time. As required by subrule 607.50(2), the department must receive a copy of the person's current medical examiner's certificate prepared by a medical examiner for a person certifying to non-excepted interstate driving.

**607.50(8) Record keeping.** The department shall comply with the medical record-keeping requirements set forth in 49 CFR Section 383.73.

**607.50(9) Medical examiner's certificate conflict.** As required by 49 CFR Sections 383.71 and 383.73, in the event of a conflict between the medical certification information provided electronically by the Federal Motor Carrier Safety Administration and a paper copy of the medical examiner's certificate, the medical certification information provided electronically by the Federal Motor Carrier Safety Administration shall supersede.

This rule is intended to implement Iowa Code sections 321.182, 321.188 and 321.207.
