

481—31.3(137F) Trichinae control for pork products prepared at retail. Pork products prepared at retail shall comply with the Code of Federal Regulations found in 9 CFR, Section 318.10, January 1, 2007, publication, regarding the destruction of possible live trichinae in pork and pork products. Examples of pork products that require trichinae control include raw sausages containing pork and other meat products, raw breaded pork products, bacon used to wrap around steaks and patties, and uncooked mixtures of pork and other meat products contained in meat loaves and similar types of products. The use of “certified pork” as authorized by the department of agriculture and land stewardship or the United States Department of Agriculture Food Safety and Inspection Service shall meet the requirements of this rule.
