

701—41.5(422) Itemized deductions. Deductions may be itemized on the Iowa return to the same extent that they are allowable on the federal return with the following exceptions:

41.5(1) To the extent that Iowa income taxes were included in itemized deductions allowable for federal income tax purposes, they must be subtracted from the itemized deductions to be deducted on the Iowa return.

41.5(2) For the tax years beginning on or after January 1, 2004, and before January 1, 2008, and for tax years beginning on or after January 1, 2010, but before January 1, 2014, the itemized deduction for state sales and use taxes is allowed on the Iowa return only if the taxpayer elected to deduct state sales and use taxes as an itemized deduction in lieu of the deduction for state income taxes on the federal return under Section 164 of the Internal Revenue Code.

If the taxpayer elected to deduct state income taxes as an itemized deduction on the federal return, taxpayer cannot claim an itemized deduction for state sales and use taxes on the Iowa return. In addition, if taxpayer claimed the standard deduction in accordance with Section 63 of the Internal Revenue Code on the federal return, taxpayer cannot claim an itemized deduction for state sales and use taxes on the Iowa return.

If the taxpayer is allowed to deduct state sales and use taxes as an itemized deduction on the Iowa return, taxpayer cannot claim an itemized deduction on the Iowa return for either the school district surtax imposed under Iowa Code section 257.21 or the emergency medical services income surtax imposed under Iowa Code chapter 422D.

41.5(3) Adoption expense deduction. Unreimbursed amounts paid by the taxpayer in the adoption of a child if placed by an adoption service provider under Iowa Code chapter 600, which exceed 3 percent of the taxpayer's net income, or the combined net income of a husband and wife in the case of married taxpayers filing a joint return, will be allowed as a deduction in the year paid. Qualifying expenses include all medical, hospital, legal fees, welfare agency fees, and all other costs relating to the adoption of a child. Those expenses claimed for adoption purposes may not be claimed elsewhere on the individual income tax return for tax years beginning before January 1, 2014. For tax years beginning on or after January 1, 2014, an adoption tax credit equal to certain qualified adoption expenses can be claimed in accordance with rule 701—42.52(422), but the expenses claimed for the credit cannot be allowed as a deduction under this subrule.

EXAMPLE: The Joneses, a married couple whose combined net income for 2014 is \$100,000, incur \$6,000 of qualified adoption expenses and claim a \$2,500 adoption tax credit in accordance with rule 701—42.52(422). The amount of expenses in excess of 3 percent of their combined net income is \$3,000. Since the taxpayers claimed a \$2,500 adoption tax credit, only \$500 of expenses is eligible for the deduction.

41.5(4) Deduction for expenses for the care of certain disabled relatives.

a. For tax years beginning on or after January 1, 1983, a deduction from net income may be taken for expenses incurred by a taxpayer for care of a disabled person who is unable to live independently. Such care must be provided in the home in which the taxpayer resides throughout the year. A person is considered to be incapable of living independently if as a result of a physical or mental defect the person is incapable of caring for the person's hygienical or nutritional needs or requires the full-time attention of another person for personal safety or the safety of others. The fact that an individual, by reason of a physical or mental defect, is unable to engage in any substantial gainful activity, or is unable to perform the normal household functions of a homemaker or to care for minor children, does not of itself establish that the individual is physically or mentally incapable of self-care. An individual who is physically handicapped or is mentally defective, and for such reason requires the constant attention of another person, is considered to be physically or mentally incapable of self-care.

To qualify for the deduction, in addition to being disabled, the person must be the grandchild, child, parent or grandparent of the taxpayer or the taxpayer's spouse, and

- (1) Be receiving medical assistance benefits under Iowa Code chapter 249A; or
- (2) Be eligible to receive such benefits under the income and resource levels established in Iowa Code chapter 239B; or

(3) Would be eligible to receive such benefits if living in a health-care facility licensed under Iowa Code chapter 135C.

Expenses incurred for a taxpayer's disabled spouse do not qualify for the deduction.

b. The deductible amount is limited to \$5,000 for each disabled person cared for in the taxpayer's home and the expenses must not be otherwise deductible as a deduction from net income under Iowa Code section 422.9.

c. Qualifying expenses include a proportionate share of food expenses as well as amounts spent directly on the disabled person for such items as clothing, medical care, dental care and transportation.

Medical expenses incurred for a disabled relative, which are eliminated from federal itemized deductions because of the federal adjusted gross income percentage limitation, may be included in the deduction for expenses incurred for the care of the disabled relative providing the other requirements are met. Following are examples to illustrate the portion of medical expenses incurred which would be deductible.

EXAMPLE 1. Mr. and Mrs. Smith care for Mrs. Smith's mother in their home. Mrs. Smith's mother is physically unable to live independently and qualifies for medical assistance benefits under Iowa Code chapter 249A. Mr. and Mrs. Smith paid medical expenses of \$1,500 for themselves and \$500 for Mrs. Smith's mother. The medical expenses for Mrs. Smith's mother are includable as federal itemized deductions. Mr. and Mrs. Smith's federal adjusted gross income is \$20,000. For 1983, the federal deduction for medical expenses would be \$1,000 (\$2,000 minus 5 percent of \$20,000 or \$1,000). Since the deductible amount for federal tax purposes is \$1,000 or 50 percent of the total medical expenses of Mr. and Mrs. Smith and Mrs. Smith's mother, there remains 50 percent of the \$500 expense for Mrs. Smith's mother (or \$250) which can be included in the Iowa deduction for a disabled relative.

EXAMPLE 2. Mr. and Mrs. Smith's medical expenses were \$400 and Mrs. Smith's mother's expenses were \$200. None of the \$600 in expenses would be deductible as a federal itemized deduction but the mother's \$200 in expenses would be includable in the Iowa deduction for expenses incurred for a disabled relative.

d. Expenses not directly related to care of a disabled relative are not deductible. This category includes rent, mortgage interest, utilities, house insurance and taxes. Such expenses would be incurred without the disabled relative in the home and unless an expense can be directly attributed to the disabled relative, it may not be deducted.

e. In the event that the person being cared for is receiving assistance benefits under Iowa Code chapter 239B, the expenses qualifying for deduction shall be the net difference between the expenses actually incurred in caring for the person which are not otherwise deductible as a deduction to net income and the assistance benefits under Iowa Code chapter 239B. Iowa Code chapter 239B covers family investment program payments.

f. In order to claim a deduction for expenses for care of a disabled relative, a schedule of qualifying expenses must be provided with the tax return as well as a statement from a qualified physician certifying that the disabled individual is unable to live independently. Such certification must be filed with the tax return in the initial year for the deduction and every third year thereafter.

41.5(5) Rescinded IAB 5/6/09, effective 6/10/09.

41.5(6) Rescinded IAB 11/24/04, effective 12/29/04.

41.5(7) Deduction of multipurpose vehicle registration fee. For tax years beginning on or after January 1, 1992, and before January 1, 2005, individuals who itemize deductions for Iowa income tax purposes may claim a deduction for 60 percent of the amount of the registration fee paid for a multipurpose vehicle under Iowa Code section 321.124, subsection 3, paragraph "h." "Multipurpose vehicle" means a motor vehicle designed to carry not more than ten people and constructed either on a truck chassis or with special features for occasional off-road operation. The registration certificate for a multipurpose vehicle has the letters "MV" printed next to the word "style" on the certificate.

This subrule applies only to model year 1992 and older model year multipurpose vehicles. The registration fees for multipurpose vehicles for the 1993 model year and for model years after 1993 are the same as for other motor vehicles where the fees for newer model year vehicles are based on the value and weight of the vehicle. In order to qualify for this deduction, no part of the multipurpose vehicle

registration fee may have been deducted as an itemized deduction under Section 164 of the Internal Revenue Code or as an ordinary and necessary business expense.

See also subrule 41.5(9), which provides for the deduction for registration fees for older motor vehicles. Subrule 41.5(7) also applies to multipurpose vehicles to the extent those vehicles are for the 1993 model year or for model years after 1993.

For tax years beginning on or after January 1, 2005, the itemized deduction for Iowa income tax for multipurpose vehicle registration fees is the same as allowed under Section 164 of the Internal Revenue Code for federal tax purposes.

41.5(8) Medical expense deduction limitation. For tax years beginning on or after January 1, 1996, to the extent that a taxpayer has a medical care expense deduction on the federal return under Section 213 of the Internal Revenue Code, the taxpayer must compute the medical care expense deduction on the Iowa return by excluding those health insurance premiums deducted in computing net income in accordance with Iowa Code subsection 422.7(29) and rule 701—40.48(422).

41.5(9) Deduction of older motor vehicle registration fee. For tax years beginning on or after January 1, 2002, and before January 1, 2005, individuals who itemize deductions for Iowa income tax purposes may claim a deduction for 60 percent of the annual registration fee paid for certain older motor vehicles. This deduction applies to a 1994 model year vehicle or a newer model year vehicle that is nine model years old or older. This deduction also applies to a 1993 or older motor vehicle which has been transferred to a new owner or to a 1993 or older model vehicle that was brought into Iowa on or after January 1, 2002. However, the deduction otherwise allowed pursuant to this subrule is not allowed to the extent that the vehicle was used in the taxpayer's trade or business so that the deduction for the registration of the vehicle has already been allowed in the computation of Iowa net income.

For tax years beginning on or after January 1, 2005, the itemized deduction for Iowa income tax for older motor vehicle registration fees is the same as allowed under Section 164 of the Internal Revenue Code for federal tax purposes.

41.5(10) Additional first-year depreciation allowance. For tax periods ending on or after September 10, 2001, any federal itemized deductions that are determined based on a percentage of a taxpayer's federal adjusted gross income may have to be adjusted for Iowa tax purposes. These itemized deductions for Iowa individual tax purposes are based on federal adjusted gross income as adjusted by the disallowance of the additional first-year depreciation allowance authorized in Section 168(k) of the Internal Revenue Code as described in rule 701—40.60(422).

EXAMPLE: Mr. and Mrs. Jones reported \$50,000 in federal adjusted gross income on their 2002 federal income tax return. Mr. and Mrs. Jones paid medical expenses of \$5,000 for 2002, but could only claim an itemized deduction for medical expenses for federal tax purposes equal to \$1,250, or to the extent the medical expenses exceeded 7.5 percent of their federal adjusted gross income (\$50,000 times 7.5% = \$3,750. \$5,000 - \$3,750 = \$1,250). Mr. and Mrs. Jones reported a \$5,000 increase in Iowa adjusted gross income due to the disallowance of additional first-year depreciation on their Iowa return for 2002. Mr. and Mrs. Jones can claim an itemized deduction on the 2002 Iowa return for medical expenses of \$875, or to the extent the medical expenses exceeded 7.5 percent of their adjusted gross income for Iowa purposes of \$55,000 (\$55,000 times 7.5% = \$4,125. \$5,000 - \$4,125 = \$875).

41.5(11) Charitable contributions made in January 2005 for relief of victims of the Indian Ocean tsunami. For cash contributions made after December 31, 2004, and before February 1, 2005, to charitable organizations for the purpose of helping victims of the Indian Ocean tsunami, the taxpayer may claim this contribution as an itemized deduction on the 2004 Iowa income tax return if the taxpayer elected to claim this contribution as an itemized deduction on the 2004 federal tax return. If the taxpayer elected to claim the cash contribution made in January 2005 as an itemized deduction on the 2005 federal tax return, then it must be claimed as an itemized deduction on the 2005 Iowa return.

41.5(12) Medical expense deduction for certain unreimbursed expenses relating to a human organ transplant. For tax years beginning on or after January 1, 2005, a taxpayer who claims a deduction for unreimbursed travel and lodging expenses relating to a human organ transplant in accordance with rule 701—40.66(422) cannot claim an itemized deduction for medical expenses under Section 213(d) of the Internal Revenue Code for these same expenses for Iowa tax purposes.

41.5(13) Charitable contributions relating to the injured veterans grant program. For tax years beginning on or after January 1, 2006, a taxpayer who claims a deduction for contributions to the injured veterans grant program in accordance with 701—subrule 40.68(2) cannot claim an itemized deduction for charitable contributions under Section 170 of the Internal Revenue Code for the same contribution for Iowa tax purposes.

41.5(14) Charitable contributions relating to school tuition organizations. For tax years beginning on or after January 1, 2006, a taxpayer who claims a school tuition organization tax credit in accordance with rule 701—42.32(422) cannot claim an itemized deduction for charitable contributions under Section 170 of the Internal Revenue Code for the amount of the contribution to the school tuition organization for Iowa tax purposes.

41.5(15) Charitable contributions relating to the charitable conservation contribution tax credit. For tax years beginning on or after January 1, 2008, a taxpayer who claims a charitable conservation contribution tax credit in accordance with rule 701—42.40(422) cannot claim an itemized deduction for charitable contributions for the amount of the contribution for which the tax credit is claimed. See 701—subrule 42.40(2) for examples illustrating how this subrule is applied.

41.5(16) Charitable contributions relating to the endow Iowa tax credit. For tax years beginning on or after January 1, 2010, a taxpayer who claims an endow Iowa tax credit in accordance with rule 701—42.24(15I,422) cannot claim an itemized deduction for charitable contributions under Section 170 of the Internal Revenue Code for the amount of the contribution for which the tax credit is claimed for Iowa tax purposes.

41.5(17) Charitable contributions relating to the from farm to food donation tax credit. For tax years beginning on or after January 1, 2014, a taxpayer who claims a from farm to food donation tax credit in accordance with rule 701—42.51(422,85GA,SF452) cannot claim an itemized deduction for charitable contributions under Section 170 of the Internal Revenue Code for the amount of the contribution for which the tax credit is claimed for Iowa tax purposes.

41.5(18) Charitable contributions relating to the Iowa education savings plan trust. For tax years beginning on or after January 1, 2016, certain qualifying organizations may establish Iowa education savings plan trust accounts as participants, as described in Iowa Code chapter 12D. Taxpayers may make charitable contributions to such qualifying organizations so that the organization can deposit the contribution into the organization's Iowa education savings plan trust account. However, for Iowa income tax purposes, a taxpayer must add back any portion of the federal charitable contribution deduction allowed for a contribution to a qualifying organization, to the extent that the taxpayer designated that any part of such contribution be used for the direct benefit of the taxpayer's dependent or for the benefit of any other specific person chosen by the taxpayer.

This rule is intended to implement Iowa Code section 422.7 and section 422.9 as amended by 2014 Iowa Acts, House File 2468.
