

261—195.11(15,22) Applicability. This chapter does not:

195.11(1) Require the authority to index or retrieve records that contain information about an individual by that person's name or other personal identifier.

195.11(2) Make available to the general public records that would otherwise not be available pursuant to Iowa Code chapter 22.

195.11(3) Govern the maintenance or disclosure of, notification of, or access to records in the possession of the authority that are governed by the regulations of another agency.

195.11(4) Make available records compiled by the authority in reasonable anticipation of court litigation or formal administrative proceedings. The availability of such records to the general public or to any subject individual or party to such litigation or proceedings shall be governed by applicable legal and constitutional principles, rules of discovery, evidentiary privileges and applicable regulations of the authority.
