

653—20.8(147,148H,272C) Biennial renewal of license required. Pursuant to Iowa Code section 148H.3, a license expires on October 31 of odd-numbered years and can be renewed for the fee identified in 653—paragraph 8.14(2)“c.”

20.8(1) Application. The applicant for renewal shall provide:

- a. A renewal application.
- b. A letter sent directly from the ABGC or ABMGG to the board verifying that the applicant holds active certification in genetic counseling by the ABGC or ABMGG for genetic counselor licensure or a letter sent directly from ABGC or ABMGG to the board verifying the applicant has been granted active candidate status for provisional licensure.
- c. Satisfactory evidence to the board that in the period since the license was issued or last renewed, the applicant has completed 30 hours of National Society of Genetic Counselors or ABMGG continuing education units as approved by the board.

20.8(2) Expiration date. Certificates of licensure to practice genetic counseling expire on October 31 in odd years.

20.8(3) Prorated fees. The first renewal fee for a license will be prorated on a monthly basis according to the date of issue.

20.8(4) Renewal requirements and penalties for late renewal. The licensee is responsible for renewing the license prior to its expiration. Failure of the licensee to receive notice does not relieve the licensee of responsibility for renewing that license.

a. Upon receipt of the completed renewal application, staff will administratively issue a license that expires on October 31 of odd-numbered years. In the event the board receives adverse information on the renewal application, the board will issue the renewal license but may refer the adverse information for further consideration.

b. Every renewal shall be displayed in connection with the original certificate of licensure.

c. If the licensee fails to submit the renewal application and renewal fee prior to the expiration date on the current license, a penalty fee identified in 653—subrule 8.13(4) will be assessed for renewal in the grace period, a period up until January 1.

20.8(5) Inactive license. Failure of a licensee to renew by January 1 will result in inactivation of the license, and the license will become invalid.

a. Licensees are prohibited from engaging in the practice of genetic counseling with an inactive or lapsed license.

b. Having a genetic counselor license in inactive or lapsed status does not preclude the board from taking disciplinary actions authorized in Iowa Code section 147.55 or 148H.7.
