

761—145.3(321P) Permitting.

145.3(1) *Initial permit.* A local authority may apply for a permit by submitting a request to the department, following the procedure outlined in Iowa Code section 321P.2(2), for each location where a mobile system is proposed to be used. The department will not issue an initial permit before July 1, 2026.

145.3(2) *Updating an existing permit.* A local authority holding a permit may apply to update the permit with one or more additional locations by submitting a request to the department, following the procedure outlined in Iowa Code section 321P.2(2), for each location where a mobile system is proposed to be used.

145.3(3) *Department review.* The department will review the application within 180 days of receipt and will approve or deny each requested location based on the department's determination that use of a mobile system is appropriate, necessary, and the least restrictive means to address the critical traffic safety issues at that location. Incomplete applications will be returned to the applicant. If approval is granted, the department will issue a permit listing all approved locations.

145.3(4) *Exception for warnings.* Use of a mobile system at a location solely for the issuance of warnings does not require a permit.
