

761—180.5(314) Form and content of competitive quotations.

180.5(1) A competitive quotation filed by a contractor or by the governmental entity is to be in writing and include the total price for labor, equipment, materials and supplies necessary to perform the work. A contractor may include in its quotation or in individual quotation items a breakdown of costs for labor, materials, equipment and supplies. Competitive quotations filed by contractors are to include all other information, documentation or commitments requested by the governmental entity in its solicitation of quotations.

180.5(2) If the governmental entity in its solicitation indicates its intention to file a competing quotation, contractors are to also separately identify in their quotations the premium cost for the necessary performance and payment bond and an estimate of the sales and fuel taxes they will incur in performing the work. However, if in its solicitation the governmental entity provides for the issuance of sales tax exemption certificates to the contractor and subcontractors performing the work, quoting contractors are not to include or separately identify estimated sales tax in their quotations.

180.5(3) A quotation submitted by a governmental entity need not include the information, documents or commitments in subrule 180.3(7). A performance and payment bond is not mandatory for a governmental entity.

180.5(4) The governmental entity may insist that quotations from contractors be submitted on a form prescribed by the governmental entity, provided the form complies with these rules.
