

761—180.6(314) Evaluation of competitive quotations.

180.6(1) If a quoting contractor does not file a quotation in the form specified by the governmental entity, or does not provide all information or documentation or make all commitments requested by the governmental entity, or does not sign the quotation if required by the governmental entity, the quotation will be determined to be nonresponsive and be rejected by the governmental entity.

180.6(2) If the governmental entity submits a quotation to perform the work, paragraphs 180.6(2) “a” through “c” are applicable. If the governmental entity does not submit a quotation, these paragraphs do not apply.

a. Because the governmental entity is not required to pay sales tax or fuel tax or to submit a performance and payment bond in connection with work performed by governmental employees using governmental equipment, each contractor’s total quotation is to be adjusted to deduct the amounts identified in the quotation for estimated sales and fuel taxes and the bond premium. The amount of each contractor’s adjusted quotation is to then be compared to the amount of the quotation submitted by the governmental entity for the purpose of determining if the governmental entity’s quotation is the lowest responsive, responsible quotation.

b. If in its solicitation the governmental entity provides for the issuance of sales tax exemption certificates to the contractor and subcontractors performing the work, quoting contractors are not to include or separately identify estimated sales tax in their quotations, and the governmental entity is not to deduct estimated sales tax from the contractors’ quotations for the purpose of determining if the governmental entity’s quotation is the lowest responsive, responsible quotation.

c. The governmental entity may request that the contractor to which the work is awarded provide documentation of the premium cost incurred by it for the performance and payment bond and of all sales and fuel taxes paid by it and its subcontractors in connection with the work. The governmental entity may decline to pay the amounts identified by the contractor in its quotation for the bond premium and estimated sales and fuel taxes if these amounts are not properly documented as having been paid.
