

281—41.34(256B,34CFR300) Related services.

41.34(1) General. “Related services” means transportation and such developmental, corrective, and other supportive services as are required to assist a child with a disability to benefit from special education. “Related services” includes speech-language pathology and audiology services; interpreting services; psychological services; physical and occupational therapy; recreation, including therapeutic recreation; early identification and assessment of disabilities in children; counseling services, including rehabilitation counseling; orientation and mobility services; and medical services for diagnostic or evaluation purposes. “Related services” also includes school health services and school nurse services, social work services in schools, and parent counseling and training.

41.34(2) Exception; services that apply to children with surgically implanted devices, including cochlear implants.

a. “Related services” does not include a medical device that is surgically implanted, the optimization of that device’s functioning (e.g., mapping), maintenance of that device, or the replacement of that device.

b. Nothing in paragraph “*a*” of this subrule shall:

(1) Limit the right of a child with a surgically implanted device (e.g., cochlear implant) to receive related services as listed in subrule 41.34(1) that are determined by the IEP team to be necessary for the child to receive FAPE;

(2) Limit the responsibility of a public agency to appropriately monitor and maintain medical devices that are needed to maintain the health and safety of the child, including breathing, nutrition, or operation of other bodily functions, while the child is transported to and from school or is at school; or

(3) Prevent the routine checking of an external component of a surgically implanted device to make sure it is functioning properly, as required in rule 281—41.113(256B,34CFR300).

41.34(3) Individual related services terms defined. The terms used in this definition are defined as follows:

a. “*Audiology*” includes:

(1) Identification of children with hearing loss;

(2) Determination of the range, nature, and degree of hearing loss, including referral for medical or other professional attention for the habilitation of hearing;

(3) Provision of habilitative activities, such as language habilitation, auditory training, speech reading (lipreading), hearing evaluation, and speech conservation;

(4) Creation and administration of programs for prevention of hearing loss;

(5) Counseling and guidance of children, parents, and teachers regarding hearing loss; and

(6) Determination of children’s needs for group and individual amplification, selecting and fitting an appropriate aid, and evaluating the effectiveness of amplification.

b. “*Counseling services*” means services provided by qualified social workers, psychologists, guidance counselors, or other qualified personnel.

c. “*Early identification and assessment of disabilities in children*” means the implementation of a formal plan for identifying a disability as early as possible in a child’s life.
