

655—2.14(152) Clinical facilities.

2.14(1) The clinical facilities shall provide learning experiences that meet curriculum objectives and outcomes.

2.14(2) The program provides information to the board about clinical facilities used for learning experiences, including:

a. The clinical facility's accredited/approved status and evidence of good standing by its regulatory body.

b. Evidence that student experiences are coordinated with programs that use the same facility.
