

**441—172.15(234) Billing and payment.**

**172.15(1)** *Unit of service.* Safety plan services shall be delivered based on a 15-calendar-day unit of service with an established per-unit payment rate that shall be specified in each contract. The agency worker may purchase up to two units of service for a case.

**172.15(2)** *Performance-based payments.* Contracts for safety plan services may contain provisions under which a portion of the payment to the contractor is connected to the contractor's level of achievement on specified outcome-based performance measures. Any provisions for performance-based payments shall be described in the agency's request for proposals and in the contract.
