

567—72.7(455B) Sanitary landfills. The following criteria shall apply to sanitary landfills:

72.7(1) *Location.* Sanitary landfills shall be located outside of the floodway or demonstrate that the construction shall not result in a rise in upstream water surface elevations.

72.7(2) *Flood protection.* Flood protection for the active working portion of the sanitary landfill shall be provided to the level necessary for high damage potential buildings or building complexes.
