

761—400.15(307,321) Application for certificate of title or original registration for a vehicle that is specially constructed, reconstructed, a street rod or a replica vehicle.

400.15(1) Definitions applicable to this rule.

a. “*Ownership document for the vehicle*” means the certificate of title, the manufacturer’s certificate of origin, the junking certificate, or other evidence of ownership acceptable to the department.

b. “*Ownership documents for essential parts*” means bills of sale for all essential parts used to construct or reconstruct the vehicle. Each bill of sale shall contain a description of the part, the manufacturer’s identification number of the part, if any, and the name, address, and telephone number of the seller.

400.15(2) Procedures. This subrule describes the procedures for obtaining department approval to title and register a vehicle that is specially constructed, reconstructed, a street rod or a replica vehicle. The procedures described are in addition to the regular procedures for titling and registering a vehicle.

a. The applicant shall apply to the county treasurer for a certificate of title and registration. The county treasurer, upon receiving an application that indicates the vehicle is specially constructed, reconstructed, a street rod or a replica vehicle, shall forward the application to a motor vehicle investigator of the department.

b. The investigator will contact the applicant and schedule a time and place for an examination of the vehicle and the ownership documents. An investigator may require the applicant to drive or tow the vehicle to and from the examination location upon the applicant’s completion of Form 420054. The applicant, when appearing with the vehicle for the examination, shall submit to the investigator the ownership document for the vehicle, the ownership documents for essential parts, and a weigh ticket indicating the weight of the vehicle. However, a weigh ticket is not required for motorcycles, autocycles, trucks, truck tractors, road tractors or trailer-type vehicles.

c. If the investigator determines that the vehicle complies with 761—Chapter 450, that the integral parts and components have been identified as to ownership, and that the application has been completed properly:

(1) The investigator will approve the application, affix to the vehicle an assigned vehicle identification number, and return the application and ownership documents to the applicant. The investigator will authorize the county treasurer to issue a title and registration for the vehicle.

(2) If the vehicle is a passenger-type motor vehicle, the department is authorized to determine its weight and value and if the vehicle is subject to the electric vehicle annual registration fee. The vehicle weight shall be fixed as provided in Iowa Code section 321.162. The weight and value shall constitute the basis for determining the annual registration fee under Iowa Code section 321.109, except as provided in Iowa Code section 321.113.

(3) The applicant shall then submit the ownership document for the vehicle to the county treasurer and continue with the regular title and registration process.

400.15(3) Disapproval. If the department determines that the vehicle does not comply with 761—Chapter 450, that the integral parts or components have not been identified as to ownership, or that the application has not been completed properly, then the department will not approve the vehicle for titling and registration.

400.15(4) Model year. The model year of a specially constructed or reconstructed motor vehicle is the year the vehicle is approved by the department as a specially constructed or reconstructed motor vehicle.

This rule is intended to implement Iowa Code sections 307.12(1) “j,” 321.20, 321.23, 321.24, 321.52, 321.109, 321.116, 321.117 and 321.162.
