

441—123.3(135) Determination of reviewability. A sponsor of a proposed project may submit a written request for a determination of reviewability as to whether the project requires a certificate of need.

123.3(1) If it is determined that a certificate of need is required, the department will notify the sponsor and the request for nonreviewability will be considered the letter of intent for purposes of subrule 123.2(2).

123.3(2) If it is determined that a certificate of need is not required, the department will notify the sponsor of the determination of nonreviewability.
