a. Condition the continuation of the PACE program agreement upon timely execution of a corrective action plan.

b. Withhold some or all payments under the PACE program agreement until the PACE organization corrects the deficiency.

c. Terminate the PACE program agreement.

88.83(4) *Termination of agreement by the department.*

a. Grounds for termination. The department may terminate a PACE program agreement at any time for cause, including but not limited to the following circumstances:

(1) Termination due to uncorrected deficiencies. The department may terminate a PACE program agreement if both of the following circumstances exist:

1. The department has determined through a review pursuant to subrule 88.87(4) that the PACE organization has significant deficiencies in the quality of care furnished to enrollees or has failed to comply substantially with the conditions for a PACE organization or PACE program under this division, the federal PACE regulations, or the terms of its PACE program agreement.

2. The PACE organization has failed to develop and successfully initiate a plan to correct the deficiencies within 30 days of the date of receipt of a written notice of deficiencies, as confirmed by certified mail, or has failed to continue implementation of the corrective action plan.

(2) Termination due to health and safety risk. The department may terminate a PACE program agreement if the department determines that the PACE organization cannot ensure the health and safety of its enrollees. This determination may result from the identification of deficiencies that the department determines cannot be corrected.

b. Notice and opportunity for hearing. Except as provided in paragraph *"c"* of this subrule, before terminating an agreement, the department shall furnish the PACE organization with the following:

(1) A reasonable opportunity to develop and implement a corrective action plan to correct the deficiencies that are the basis of the department's determination that cause exists for termination.

(2) Reasonable notice and opportunity for hearing (including the right to appeal an initial determination) before terminating the agreement.

c. Immediate termination. The department may terminate an agreement without invoking the procedures described in paragraph *"b"* of this subrule if the department determines that a delay in termination resulting from compliance with those procedures before termination would pose an imminent and serious risk to the health of the enrollees.

88.83(5) *Termination of agreement by PACE organization.* A PACE organization may terminate an agreement after timely notice issued as follows:

a. To CMS and the department, 90 days before termination.

b. To enrollees, 60 days before termination.

88.83(6) *Transitional care during termination.* A PACE organization whose PACE program agreement is being terminated must provide assistance to each enrollee in obtaining necessary transitional care by making appropriate referrals and making the enrollee's medical records available to new providers.
