

571—105.7(481A) County park deer management zones.

105.7(1) Deer management zones will be established in county parks only after a request from county government and when approved by the commission. Zones, seasons and other conditions for hunting will be designated the same as specified in 571—105.3(481A).

105.7(2) Special restrictions. County park managers may require hunters to do one or more of the following: pass a hunter safety and education course, pass a weapons proficiency test, or be approved by the appropriate county sheriff or conservation officer.
