

199—15.7(476) Additional services to be provided to qualifying facilities and AEP facilities by rate-regulated electric utilities.

15.7(1) Upon request of qualifying facilities and AEP facilities, each electric utility shall provide supplementary, backup, maintenance, and interruptible power. Rates for such service will comply with subrule 15.5(6), and shall be in accordance with the terms of the utility's tariff.

15.7(2) The commission may waive this requirement pursuant to rule 199—1.3(17A,474) only after notice in the area served by the utility and an opportunity for public comment. The waiver may be granted if compliance with this rule will:

- a.* Impair the electric utility's ability to render adequate service to its customers, or
- b.* Place an undue burden on the electric utility.
