

21—67.6(162) Public health.

67.6(1) Animal wardens aiding in the enforcement of the provisions of Iowa Code chapter 162 shall enlist veterinary aid in programming control measures to protect the public from zoonotic diseases which may be suspected to be on the premises of a licensee or registrant of said Iowa Code chapter.

67.6(2) Animals, housing facilities, or premises may be placed under quarantine by order of the secretary when it is deemed necessary to protect the public from zoonotic diseases.
